Safe stays with Thistle Hotels

We want you to have nothing but a good time at Thistle, no matter what is going on in the world. As we continue to re-open our hotels and welcome back guests, we're constantly looking out for your health and safety. For all the hard work and extra measures in place, we are proud to be accredited by leading industry partners.

Throughout your stay

Firstly, you'll notice the hotel team will continue to wear face coverings. This is to ensure that both our guests and our colleagues are kept as safe as possible. We would like to request that our guests also continue to wear a face-covering in all public areas, in consideration of others.

We have hand sanitiser ready for you at the entrance and key spots around the hotel, please feel free to use it. We'll continue to ensure that social distancing measures are thoughtfully observed and we will also still be asking our guests to check in on the NHS COVID-19 app too.

We're keeping things spotless with our enhanced and rigorous cleaning and hygiene protocols. All bedrooms go through a high-touch, deep clean including extra disinfection of the most frequently touched guests room areas before every new guest arrives.

Restaurant & bars

We're delighted to say that our restaurants and bars are open again. Reservation for all mealtimes in the restaurants, including breakfast, will be required to manage ongoing social distancing where possible and the flow of our guests.

Meeting & events spaces

We're pleased that both indoor and outdoor business events can take place as per Government guidance. This includes conferences, trade shows, exhibitions, charity auctions, private dining events such as charity or gala dinners and awards ceremonies, and corporate hospitality.
